

How to set up your Survey Monkey survey with Cint

In order to have all features available that are necessary to implement redirects, you should have the **“Team Premier”** or **“Enterprise”** business plans. Both have the **“Survey completion redirect”** feature available.

How to get the survey URL

1. After you’ve created your survey, either click on the paper airplane icon under **“Collect Responses”** on the **“My Surveys”** main page

TITLE	MODIFIED	RESPONSES	DESIGN	COLLECT	ANALYZE	SHARE	MORE
test Created 10/16/2018	10/16/2018	0					

Or after you’ve Previewed your study, hit **“Next”** to go to Collect Responses.

2. Select **“Send surveys your way”**

PREVIEW & SCORE → **COLLECT RESPONSES** → ANALYZE RESULTS → PRESENT RESULTS
